

COB Strip

VALUE202

COB strip light, widely used in indoor coves, cornices and various secondary reflection applications.

10m No Voltage Drop Design: Delivers consistent brightness across the full 10-meter length with single-ended power input, eliminating uneven lighting at the far end.

Dotless

Uniform light emission, no dark areas.

Double ended power input

Both ends are equipped with input wires .
User-friendly after cutting

Strong Adhesion

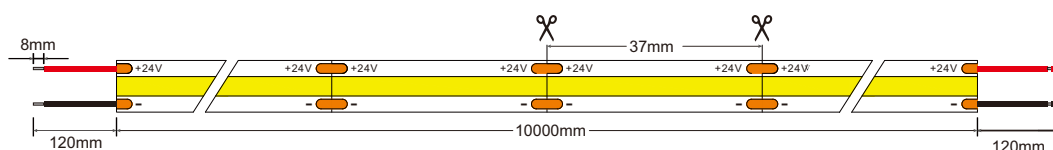

3M™ 300LSE tape for reliable installation.

10m No Voltage Drop Design

Single-ended power input, consistent brightness over the full 10m run.

DIMENSIONS

PRODUCT PARAMETERS

Model	VALUE202
Input	DC24V
LED/M	324pcs/M
M/Reel	10M/Reel
LED type	COB
CRI	>90
IP rating	IP20
Power	10W/M
Lumen/M	750 lm/M@3000K
CCT	2700K 3000K 4000K 6500K

Attention: If dimming control is required, please perform a compatibility test between this LED strip and the dimmable controller first to avoid performance issues. This strip adopts a constant current IC solution, unlike ordinary constant-voltage LED strips.
